

Chevening CEP School, Sevenoaks, Kent

Why do we have to keep away from each other?

Space helps us to keep safe.

Just like in P.E. we run to a Space to help keep ourselves and others safe.

Why are only some of my friends at school?

At the moment there is only enough space for a few.

Let's keep in touch in other ways.

It will change when things are safer again.

Why are lots of our things missing?

Some of our toys are
hard to
clean.

We have put these away to keep them safe for when we can use them at school again. 😊

Why are we using different places to go to toilet, wash hands and eat lunch?

Each group has its own special places to help us stay safer.

We will go to the toilet one by one to keep enough space between us all.

How can I show I like someone or something without touch?

You can still show you think something is great without touching someone.

I feel sad about how difficult things have been

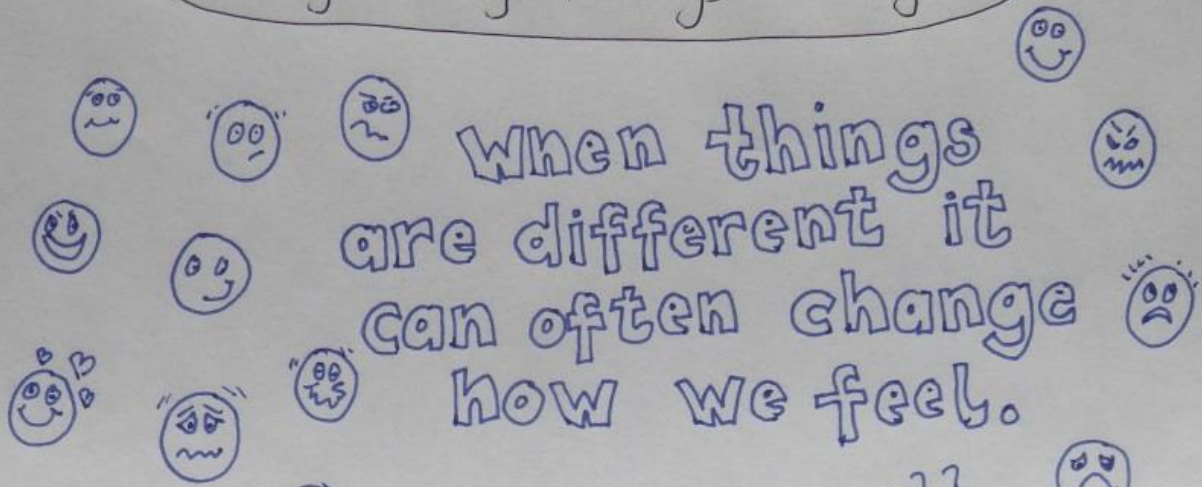

Doing difficult things makes us stronger.

I am not sure how I feel.
Why do my feelings change

When things are different it can often change how we feel.

Which picture fits with how you feel right now?

It is normal.

What if I feel sad or scared?

...write it down

You can...

...Tell Someone.

How can I help my friend who feels sad?

Are you OK?

A smile and a kind word can travel miles.

Why do some people feel happy and other people feel sad?

We have all had different things happen.

It helps to listen and talk to each other about what has happened.

Be kind!

What if I get ill?

Following the rules
can help us to
avoid getting ill.

Our bodies
work very
hard to
protect
us.

Doctors
and nurses
can help
us too.

Why do our bins have lids?

We need to catch the
germs from sneezes
in tissues
and stop
them
moving
about.

I didn't do some of the work at home.

Don't worry.

Everyone will need help with something.

Staff are here to help.

I am sad about the things I haven't got right now.

It won't be forever.

It can help to remember all the good things we have.

I feel worried about going back to school.

When things have been different, it is normal to feel nervous.

Will it always be like this?

No.

There will be a time when things are different.

We just need to follow the rules and wait.
